

Neighbourhood Planning

Key stages in neighbourhood planning

Step 1: Designate neighbourhood area √√√ ***(completed)***

Step 2: Prepare a draft neighbourhood plan ***(We are here)***

- gather baseline information and evidence √√√ ***(completed)***
- engage and consult local residents and others. √√ ***(Now)***
- identify and assess options. ***(Next)***
- determine whether a plan is likely to have significant environmental effect. ***(Ongoing)***
- start to prepare proposals documents. ***(Your opinion matters)***

Step 3: Pre-submission publicity & consultation.

Step 4: Submission of a neighbourhood plan proposal to the local planning authority.

Step 5: Independent Examination.

Step 6: Referendum.

Step 7: “Making the neighbourhood plan” (bringing it into force)
